Reg No. 23513A02122024

VISION

We aspire to be the leading provider of innovative fuel products delivering value to our customers, partners, and communities.

MISSION

Our mission is to be the preferred fuel supplier by delivering exceptional products and services that exceed customer expectations while promoting environmental responsibility and community engagement

VALUES

Our company is committed to integrity, reliability, and excellence in all aspects of our operations

Who are we

INCORPORATION

Foliage fuels was established to fulfil a crucial need in the market for reliable and efficient supply and distribution of petroleum products. Recognizing the demand for high-quality fuel products across various industries, the founders saw an opportunity to streamline the supply chain and provide value-added solutions to businesses and consumers.

The company was founded with the vision of becoming a trusted partner in the energy sector, offering a diverse range of fuel products and services to meet the evolving needs of customers. Whether supplying petrol, diesel, aviation fuel, or alternative energy sources, the company aims to deliver superior quality, competitive pricing, and exceptional customer service.

Who are we

BUSINESS ETHICS

Integrity: Conduct all business activities with honesty, transparency, and integrity. Uphold high moral and ethical standards in interactions with customers, suppliers, employees, and stakeholders.

Compliance: Ensure compliance with all applicable laws, regulations, and industry standards governing the fuel industry. Stay updated on regulatory changes and adapt business practices accordingly to maintain legal compliance.

Fair Pricing: Price products and services fairly and competitively, avoiding price gouging or unfair pricing practices. Provide transparent pricing information to customers and avoid engaging in deceptive or misleading pricing strategies.

Quality Assurance: Maintain strict quality control measures to ensure the integrity and safety of our products. Adhere to industry standards and best practices for handling, storage, and distribution to prevent contamination or safety hazards.

Our Service Offering

Core Business

❖ Fuel Import & Storage: Large-scale importation of petroleum products for distribution.

- Diesel EN590

EN590 Diesel Pricing & Availability

- Pricing depends on:
 - Crude oil prices
 - Refinery costs & logistics
 - Government regulations & taxes

Core Service

- ❖ Import & Distribution of Diesel EN590 – Sourcing from top global refineries and suppliers.
- ❖ Bulk Fuel Supply & Logistics – Reliable delivery across Southern Africa.
- ❖ Fuel Storage Solutions – Safe and compliant fuel storage infrastructure.
- ❖ Customs & Regulatory Compliance – Ensuring smooth importation and adherence to industry regulations.
- ❖ Fuel Quality Testing & Certification – Guaranteed EN590 compliance through rigorous quality checks.

Our Clients

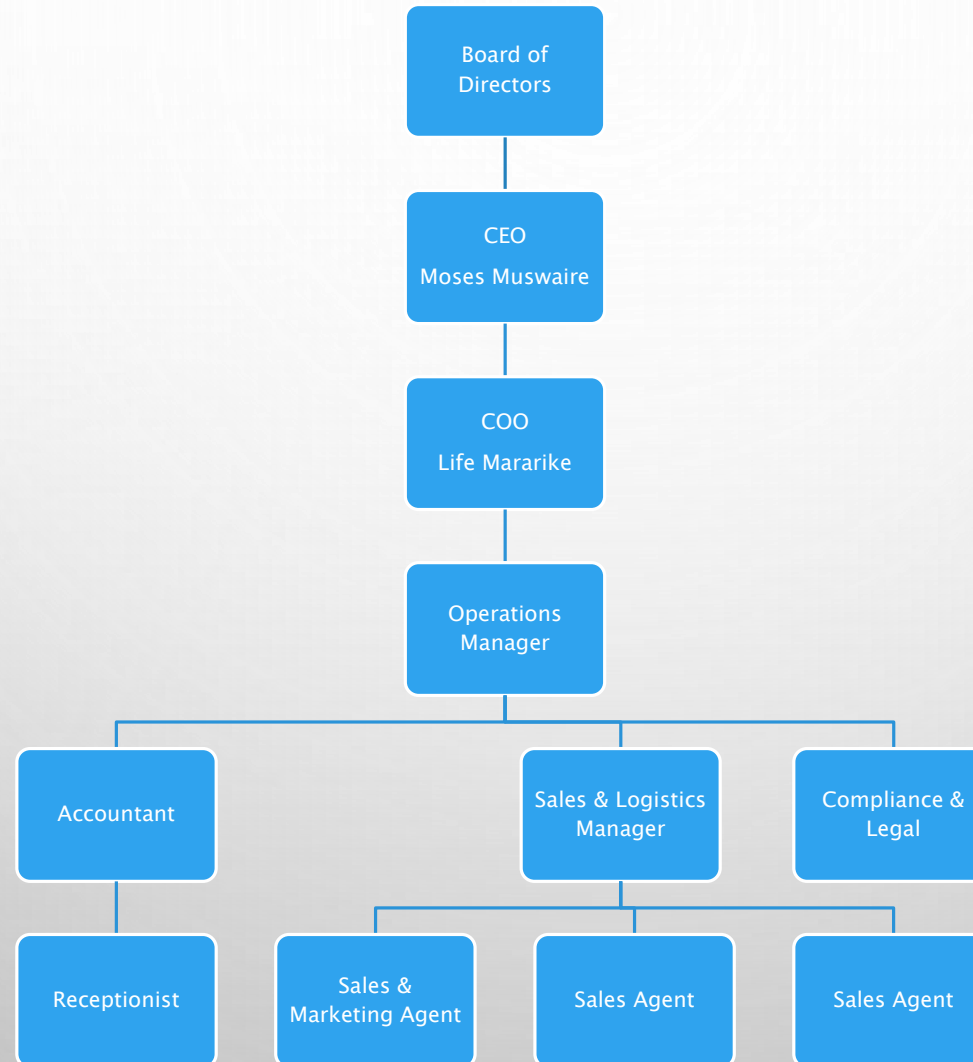

We supply Diesel EN590 to:

- ✓ Fuel stations & wholesalers
- ✓ Logistics & transport companies
- ✓ Construction & mining firms
- ✓ Government & municipal fleets

TECHNICAL SPECIFICATION DIESEL ULSD 10ppm

COMPONENT	METHOD OF ANALYSIS	UNIT	RESULT	
			Min.	Max.
